INFORMATION FOR APPLICANTS

OUR APPLICATION AND OUR RECRUITMENT PROCESS

Applying for a job

nia's recruitment policy intends to ensure that every applicant is treated fairly. This means that we are not able to consider previous applications or personal knowledge of you. It means that if already work for **nia**, we do not take into account your personal file.

The information you provide in your application form is the only information we will use in deciding whether you will be shortlisted for the selection process. Your application form is therefore very important and the following advice is designed to help you compete it as effectively as possible.

Using the person specification

The **person specification** is the list of criteria or requirements regarded as necessary for the post. **To be considered for an interview you have to fulfil each point of the person specification marked "X" in column A (application).**

NB: Please note the maximum word count is 2500 words.

Before you fill in the application form look at the person specification and decide how to relate your skills, knowledge and experience to each point. Try not to repeat yourself by using just one area of your experience to cover more than one requirement. Draw upon your past and present jobs or interests; you may discover you have a broader range of skills than you imagined.

Give examples of the work you have been involved in and write in a positive way (e.g. I was responsible for I organised.... etc) Always remember to specify your own responsibilities rather than those of your section or department. The most important thing is to tell us - we are unable to guess or make assumptions.

Remember that voluntary work or work at home can be as valuable as paid employment. It is important that your application relate to the job you are applying for.

Completing the application form

Application forms should be filled in as completely and as clearly as possible so that we can consider all candidates on the same basis.

Write out the form in rough first to avoid mistakes and repetitions.

Make sure you complete the form clearly, and type it or use dark ink (black ink shows up best when photocopied).

In completing the references section, please give as your referees your current and most recent employers where possible.

*Send your form to **nia** on time **and keep a copy.***

If you would like your receipt of application acknowledged, please enclose a stamp-addressed envelope or postcard, which we will return to you.

Shortlisting

After the closing date, the application forms are read very carefully to see how each person's skills and experience relate to the skills and experience in the person specification, and **applicants who meet requirements marked "X" on the A (application) column will be shortlisted for interview.** Only information contained in the application will be considered in making the decision to shortlist.

Interviews

The interview panel is normally made up of three people who ask each candidate questions covering the relevant criteria. The questions are intended to allow you to expand on your application and to show the panel how far you meet the essential requirements of the post. Shortlisted candidates will be asked to complete a task/presentation either at or before the interviews. You will have the opportunity to ask questions about the job, conditions of service etc.

Panel members have to keep a record of their assessment of each candidate so that the reasons of their decision are clear and consistent. You should therefore not be worried about the panel taking notes.

Feedback

If you are unsuccessful and feel that feedback on your interview would be helpful in applying for other jobs, please email Rachel Evans, Head of Central Services at revans@niaendingviolence.org.uk who will be pleased to arrange this for you.

nia has been delivering services to women and children who have experienced domestic and sexual violence for 40 years.

The organisation has three main aims, which are to provide services for women, children and young people who have experienced male violence, working to end male violence against women and girls, and to inform and influence policy and public awareness. We achieve these aims by

- providing high quality services for women, girls and children who have experienced or are at risk of male violence,
- increasing awareness of violence against women, girls and children and developing services, contributing to research, debate and policy initiatives to prevent it,
- challenging inequality and discrimination and celebrating diversity,
- empowering and supporting women and children, and
- Increasing and developing the effectiveness of resources through partnership, collaboration and multi-agency action.

Presently, **nia** is delivering a range of services across London, primarily in the East and North of the city, the majority of which are delivered primarily in an outreach capacity. Our services are continually evolving in order to respond to the needs of women who face multiple disadvantage and barriers to accessing services, they currently include:

- **East London Rape Crisis** - for women and girls who have experienced any form of sexual violence -including rape, sexual assault and child sexual abuse - regardless of when it occurred, who it was perpetrated by and whether or not it was reported to the police.
- **The Emma Project** - a pioneering service for women who are escaping domestic and sexual violence and who use substances problematically; more than a third of the women who have lived in the refuge have also been exploited through prostitution. The women who enter the project have frequently been excluded from and/or refused access to other types of refuge provision.
- **Daria House** - a refuge for women who have been sexually exploited, with a particular focus on supporting women who have been exploited through involvement in prostitution. We offer non-judgemental support, information and advocacy. We help women to access housing and welfare benefits, legal advice, healthcare, drug and alcohol services and other specialist services for women in prostitution.
- **Jan's Place** - Jan's Place opened in autumn 2022 and became **nia's** third specialist refuge offering trauma informed accommodation and support to women living with multiple disadvantages, in particular problematic substance use (including illegal and/or prescription drugs and/or alcohol) who have been subject to domestic violence and abuse, recognising that this may overlap with sexual violence and prostitution.

- **Independent Domestic Violence Advocacy (IDVA) Services** - We currently operate two different IDVA services in Haringey and Hackney where outreach workers support women who have been identified by the MARAC as being at high risk of serious domestic violence and homicide. The Hackney and Haringey services are double accredited holding SafeLives Leading Light status and the Advice Quality Standard for casework with women.
- **IRIS** - a GP training programme and advocacy support to improve the health care responses to domestic violence and abuse. **nia** delivers IRIS in Hackney and Haringey
- **East London Exiting and Advocacy Project, (ELEA)** - offering outreach and one-to-one support to women involved in prostitution. **The ELEA Project** helps women access housing, welfare benefits, legal advice, drugs and alcohol services, specialist counselling and routes to exit prostitution. Women are also supported through access to employment training, education, volunteering and sustainable employment.
- **The Anita Project** -devised to bring about long-term sustainable change for women facing multiple disadvantage and who are involved in prostitution in London. This service includes advocacy, group work and nighttime outreach.

nia is part of ASCENT which is a partnership of 22 specialist organisations within the London Violence Against Women and Girls (VAWG) Consortium, delivering a range of services for survivors of domestic and sexual violence.
